

International Breast
Ultrasound School
and
Swiss Society of
Senology

January 30th and 31st 2010. The detailed program

Saturday 30th

Subject	Speaker(s)	Duration	Start time
Introduction	C. Rageth, CH-Zürich	00:05	09:00
BI-RADS assessment category – concept and beyond	A. Munding, D-Osnabrück	00:25	09:05
Complex cysts: classification and management	E. Garzoli, CH-Zürich	00:45	09:30
Palpable lesions in young women: Can biopsy be avoided?	C. Lehman, USA-Seattle	00:30	10:15
Elastography	D. Cosgrove, GB-London	00:30	10:45
Break		00:30	11:15
Papillary lesions: Imaging and management	Z. Varga, C. Rageth, CH-Zürich	00:20	11:45
Clinical Indications for breast MRI - MRI in the newly diagnosed breast cancer patient	C. Lehman, USA-Seattle	00:30	12:05
MRI in the perioperative management	A. Günthert, CH-Bern	00:20	12:35
Lunch		01:00	12:55
New insights in the imaging of DCIS	A. Munding, D-Osnabrück	00:45	13:55
DCIS: Diagnosis and management	Z. Varga, C. Rageth, CH-Zürich	00:30	14:40
Discussion, cases	All speakers	00:30	15:10
Break		00:30	15:40
Multimodality imaging of breast anatomy focussing on TDLU	A. Munding, D-Osnabrück	00:30	16:10
Diagnosis and management of microcalcifications of the breast	E. Garzoli, CH-Zürich	00:45	16:40
"Hands on" sessions	All speakers	01:00	17:25
End of the first day			18:25

Sunday 31st

Future directions with breast MRI: Spectroscopy, diffusion imaging, CAD	C. Lehman, USA-Seattle	00:20	09:00
Indications for US guided vacuum biopsies	R. Zanetti, CH-Basel	00:30	09:20
Technical considerations for quality breast MRI acquisition	C. Lehman, USA-Seattle	00:20	09:50
Break		00:30	10:10
Breast Doppler	D. Cosgrove, GB-London	00:30	10:40
NIH consensus conference on DCIS. Recommendations for imaging around the topic of DCIS	C. Lehman, USA-Seattle	00:20	11:10
Risk lesions (FEA, ADH, LN, papilloma, radial scars) imaging and management	Z. Varga, C. Rageth, CH-Zürich	00:45	11:30
Discussion about risk lesions - MR guided biopsy and pathology imaging concordance	C. Lehman and faculty	00:45	12:15
Lunch		01:00	13:00
Preoperative staging of the breast and axilla	A. Munding, D-Osnabrück	00:20	14:00
Non-palpable breast lesions: Role of imaging in preoperative localization and in the evaluation of the excisional specimen	A. Günthert, CH-Bern	00:30	14:20
Technique and results of axillary ultrasound	C. Rageth, CH-Zürich	00:20	14:50
"Hands on" sessions	All speakers	01:20	15:10
End of the course			16:30

credits

Akademienpunkte der SGR (Radiologie)	?	
Akademienpunkte der SGGG (Gynäkologie und Geb.hilfe)	16 credits Kernfortbildung	11.01.2010
Akademienpunkte der SGC (Chirurgie)	6 credits (erweiterte Fortbildung)	12.01.2010
Akademienpunkte der SGMO (med. Onkologie)	4 credits Kat B plus 2 credits Kat A	11.01.2010
Akademienpunkte der SRO (Radio-Onkologie)	13 (7 bzw. 6) credits Kategorie 2	11.01.2010
Akademienpunkte der SGPath (Pathologie)	13 credits (nicht fachspezifisch)	13.01.2010
